KPMG LLP (UK)

Hello and welcome to KPMG's technology website. I'm Crispin O'Brien, Head of the UK Technology team.

Most people know KPMG for our Audit, Tax and Advisory services, but we are different, we work in a collaborative way bringing innovative solutions to our clients. This generates real benefits, for instance our Intellectual Property Team was able to recover £100 million pounds in the last four years for our clients. Our Corporate Finance Team in Europe has done more deals than anyone else in the last year¹. And finally, we are absolutely delighted to have been voted Auditor of the Year² in the UK for the last three years running.

I hope you find this Web site useful, here you'll find thought leadership, surveys and research, but more importantly it's a hub for you to contact us. Do get in touch soon. We look forward to working with you.

Thank you.
